ENTHUSIASTIC OVER ROADS

Delegates From Idaho Convention See Great Improvement in Gem State Towns

At the meeting of the Commercial club held Wednesday June 18, the matter of good roads, construction, etc., was the main topic for discussion. Mr. J. A. Hendrickson, Olof Cronquist, President T. Leroy Cardon, C. M. Harris and George F. Thatcher, all delegates to the Good Roads convention held at Boise, Ida., were unanimous in saying that in many respects some of the Idaho cities were growing and developing much faster than we are, nevertheless with a little more loyalty and energy we could make our city and county far better and more beautiful than theirs because of the many natural advantages we have. It was reported that towns in Idaho with a population of 3000 had one and one half miles of street paving, good hotels, good roads, and beautiful farms. Other cities such as Twin Falls eight years ago, was nothing but sagebrush, now it has a population of 8000, many blocks of street pavement, good hotels, cluster lights, and many beautiful farms.

The bonding of Cache county for good roads, and the securing of convict labor was discussed. It was decided that the roads, streets, and sidewalks committee consider the advisability of bonding Cache county for good roads and make a written report to the club at its next meeting July 16, and to make application for convict labor for our roads.

A communication from Dr. E. G. Peterson asking that the club assist the Agricultural College in entertaining the N. E. A. excursionists to arrive here on July 12, was read and referred to the public entertainment committee.

Prof. F. L. West was elected as a member of the club.

Mr. J. M. Kirkham of Lehi and Mr. E. W. Dunn of Brigham City representing the Utah Development League were present in the interest of the club rejoining the league. It was decided that it be the sense of the meeting that the club rejoin the league and that such recommendation be made to the board of directors.

John E. Lamb, of Indiana, Slated For New Ambassador to Mexico

John E. Lamb of Terre Haute, Ind., was said to be slated for new ambassador to Mexico. The fact that he has been a personal friend of William J. Bryan for over twenty years lent color to the report. It was stated in Washington that owing to the peculiar state of the relations between the United States and Mexico Mr. Lamb's appointment might not be sent to the senate till after the presidential election in Mexico next October. The appointment of a new ambassador implies the recognition by our government of the Huerta regime. The Wilson administration is said to be opposed to Huerta. A late picture of Mr. Lamb is here shown, with the national palace in Mexico City, where he will be a frequent visitor if he is appointed.

ELATED OVER BOARD DECISION

Smithfield To Have High School Accommodations for at Least One More Year

Smithfield June 20—Our citizens are much elated over the decision of the school board in relation to the high schools of the county.

The Logan Rapid Transit Company will not assure the board that the line will be extended so as to transport the students to and from the chosen centers in case the schools were consolidated, and so the board has decided to make no change this year and the consolidation plan has been abandoned for at least one year.

The car line officials have met with unforeseen difficulty which prevent the completion of the road at the time stated.

A committee had been appointed to look after the interests of the high school in our town and to get an estimate of the number of students who are willing to retain a third year high school. The reports are very favorable and all indications point to a successful three years school.

Our city has already chosen committees and is hard at work on a 4th of July celebration.

George C. Ensign of Ogden will have charge and with the assurance of two other capable teachers we predict a commendable years work.

Elder Leland Pilkington, who is laboring in the Birmingham Conference in England was mobbed and severely beaten on June 3 by a mob of about five hundred men. He and his companion were holding a meeting when the mob attacked them as they left the hall and were trying to escape, the mob threw dirt in their faces, Elder Pilkington was struck several times and was finally struck on the temple which knocked him unconscious and then his assailant kicked him.

A SHIFTING OF RESPONSIBILITY

Mayor Did His Duty Nearly One Year Ago; up to Street Supervisor Now to Act

In an apparent effort to shift responsibility for the unhealthy condition maintaining in the Seventh ward because of stagnant waters near Miller Hansen's residence the Journal in its recent issue says The Street Supervisor stands ready to relieve the people of this nuisance as soon as an order is given by the Mayor. Investigating the matter it was determined that on July 15, 1912, Mayor H. G. Hayball made a report on conditions as they existed at this particular place and recommended at that time that the water be drained off by the construction of a ditch on the east side of Miller Hansen's property and run the water south to the canal. Inasmuch as this work was to be done by the street department, and as the commissioners adopted the report of the Mayor, the latter dismissed the whole affair from his mind thinking the officials having the work of the street department in hand would do their duty.

As complaints continue to come to the ears of the Mayor, he undoubtedly will request the commissioners at the next meeting of the board to instruct the street supervisor to do his duty in abating this nuisance, by putting this water course in the proper sanitary condition.

FUNERAL OVER RUNAWAY VICTIM

John Dobson Buried at Richmond. Was a Man Who Will be Missed By the Community

Richmond June 19—The funeral services over the remains of John Dobson who met death by being dragged by a horse hitched to a cart a few days ago were held in the Richmond tabernacle.

The attendance was large and much sympathy and respect was manifested. A great many from Lewiston and other places were present. Addresses were made by Elders William Hill, E. M. Cole, W. L. Skidmore, Joseph Quinney Jr. and Bishop T. H. Merrill. A large cortege followed the remains to the city cemetery where the interment took place. Bishop T. H. Merrill dedicated the grave.

John Dobson will be greatly missed in Richmond. He was a quiet unassuming man, always prompt in attendance of duty, and one who never shirked any responsibility. ANNUAL FAMILY REUNION HELD

Monument Erected by Grandma Ballard is Dedicated by J. E. Cardon

A most pleasant day was spent on Thursday by the Ballard family at the Johnson Grove where the annual family reunion was held. Grandma Ballard has erected at the Ballard burial lot at the Logan cemetery a beautifully family monument and in the forenoon, dedicatory services were held at which the prayer was pronounced by Joseph E. Cardon. A program was rendered at the graveyard and a group picture taken, after which a drive was made to Johnsons' grove where a banquet was served to 55 descendants and relatives of Grandfather Ballard. As is usual custom a prearranged program was rendered, the most interesting feature of which was the reading of the life history of Father Ballard. The events in his life were reviewed up to the time he entered Cache Valley.

A reorganization of the association was effected as follows:

President, Henry Ballard of Benson, vice president W. R. Ballard of Newton; secretary, Mrs. Lydia Ballard Griffin of Cache Junction; treasurer, Ernest Ballard of Cache Junction; family historian, Mrs. Rebecca Ballard Cardon of Logan, with Mrs. Bessie Griffin Ballard of Newton and Mrs. Lettie Squires of Logan members of the refreshment committee.
